

IU International

MASTER (M.A.) INTERNATIONAL HEALTHCARE MANAGEMENT

Medical and technological progress has led the healthcare sector to become a dynamic and fast-growing global industry. It also has a unique level of diversity in terms of companies and organisations, driven in part by changing consumer preferences. Management positions in this sector require a sound knowledge of healthcare markets, economic characteristics of health as a commodity as well as global healthcare structures. Our Master in International Healthcare Management offers solid foundations for a career in healthcare. Not only will you gain relevant business knowledge, but electives will enable you to gain a specialist understanding of issues central to the international healthcare industry.

Degree

Master of Arts (M.A.)
